SUMMARY

Currently I'm studying in Computer Science and Engineering. And I complete my diploma in Computer Technology with practical experience. I have always been passionate about technology especially AI and ML. However, my ultimate aim is to create something impactful, as an entrepreneur. To expand my skill set I engage in tasks take part in projects and offer volunteer assistance whenever opportunities arise. Volunteering has helped me become more disciplined and confident, especially through opportunities to lead and work as part of a team. I also like writing about tech and sharing what I learn on my **blog**.
